

# Neighbors for The Streets at SouthGlenn

(Arapahoe Rd. & University Blvd.)

***Did you know*** that developers are planning to redevelop both Sears and Macy's? Current plans for Sears include replacing the store with anywhere from 800-1600 apartment units in a high-rise building. We are concerned about:

- Affect on home property values
- Increased traffic congestion
- Altering suburban character of our neighborhoods
- Affect on services (school, fire, sheriff, library, parks, etc.)

We have formed a neighborhood coalition with neighbors from HOA and Civic Associations surrounding the development. We are "*Neighbors for The Streets at SouthGlenn*" and we invite you to join us!
